

Performance Chemical Company is one of the Permian Basin's most experienced and proven independent oilfield service companies.

We currently have the following career opportunities available at our Midland, TX location:

Technical Service Representative

The ideal candidate should have at a minimal, 6 months experience dealing with field audits, surveys, chemical selections, problem solving, and technical recommendations. Candidate will need to be clean shaven, have a clean driving record, able to operate a laptop, and be able to communicate with others. PCC offers a competitive pay based on experience level and performance. If you are looking for a career and not just a temporary job, if you are looking for a safe and stable work environment, if you would like to put in the hours and be home every night, please contact us immediately.

Interviews will be conducted in person at our Midland, TX location by scheduled appointments only.

Performance Chemical Company offers:

Competitive Wages
Unrivaled Training Programs
Annual Merit & Bonus Programs
Medical, Dental, Vision and Life Insurance
401(K) Retirement Plan
